Professional Experience

Software Engineer, Indra Sistemas May 2025 — Present

- Development of a computer vision system from scratch for radar-integrated road monitoring.
- Model training, backend development and full deployment on Linux.
- Professional and multidisciplinary teamwork in a real development environment.

Junior Front-end Developer, I2A Proyectos Informáticos Jul 2023 — May 2025

- Implementation and code optimization to improve application performance.
- Language migration and software optimization for greater stability and scalability.

Applied Software Projects

Password Manager Based on Blockchain, Web Application Oct 2023— 2024 Jul

- Development of a private blockchain for secure password management using Python, JavaScript, and APIs.
- Implementation of cryptography with AES-256 encryption and key derivation. Intuitive interface with React.

EasyTable, Desktop Application Sep 2021 — Jun 2022

- Software development for real-time data monitoring, including air quality and temperature.
- Implementation of intelligent reservation systems with C++, SQL, and Java.

Technical Skills

- | | | | |
|------------------|--------------------------|------------------|-------------------------|
| • Python | • JavaScript, TypeScript | • React, Angular | • Git, GitHub |
| • C++ | • HTML, CSS | • Laravel | • XCode, Android Studio |
| • Java | • SQL, NoSQL | • Hadoop, Spark | • VSCode |
| • Swift, SwiftUI | • Solidity | • Linux, Shell | • Arduino |

Education

Bachelor's Degree in Computer Engineering, Universidad Europea 2020 — 2024

- Final project each year.

Higher Degree in Multiplatform Application Development, Universidad Europea 2018 — 2020

- Final project: Mobile application for store information lookup.

Online Training, Mastermind and Udemy +65 hours

- Clean Code in the 21st Century.
- Blockchain and Smart Contracts with Solidity.
- Fundamentals of Cybersecurity and Ethical Hacking.
- Advanced Linux.

Additional Information

- English Level: Basic professional competence.
- Driver's License: Type B, own vehicle.
